

***To All Our Valued Pegasus Spine & Joint Institute Patients  
And Referring Physicians:***

We are here to help you feel better...fast!

Pegasus Spine & Joint Institute is now offering fast, online care. This is offered to all patients who have a phone, tablet, or computer.

Governor Greg Abbott waived certain regulations and directed the Texas Department of Insurance (TDI) to issue an emergency rule to help doctors across Texas continue to treat their patients while mitigating the spread of COVID-19.

State actions include:

- TDI filed an emergency rule requiring insurers to pay the same amount for telemedicine services as they do for in-person services.
- Governor Abbott suspended a state law limiting insurance coverage for medical visits and consultations by phone.
- The Governor approved the Texas Medical Board's (TMB) request to suspend state rules blocking the use of phone consultations to establish a physician-patient relationship. Before the change, telemedicine services could be provided only after the physician-patient relationship had been established during an in-person visit.

**AS SUCH, PEGASUS SPINE & JOINT INSTITUTE IS NOW OFFERING  
TELEMEDICINE AND VIRTUAL CARE TO TREAT THE INJURED PATIENT  
AND THOSE IN PAIN.**
